

Japan Credit Rating Agency, Ltd. (JCR) announces the following credit rating.

JRE Mega Solar Project Bond Trust 2 Beneficial Interest

<Affirmation>

Beneficial Interest: A

Rationale

This is a project finance for the mega solar project by ENEOS Renewable Energy Corporation (the sponsor), which is operated in Kamisu City, Ibaraki Prefecture. In December 2023, cutting/theft of the main cable, which is connected to four PCS was occurred, but it has already restored. Revenue from electricity sales has been above the plan, and costs have been conservatively estimated. Thereby DSCR remains at a good level. The incident mentioned above did not have any direct impact on the creditworthiness of the project, and JCR sees that the margin of cash flow from this project is sufficiently high to redeem the beneficial interest.
