

Japan Credit Rating Agency, Ltd. (JCR) announces the following credit rating.

## <Asset Securitization Products> Telecommunication Fee Receivable Securitization ABL Program (Japan Securitization Corporation)

<Affirmation>

ABL Program: J-1+

### Rationale

This is the securitization of telecommunication fee receivable and is an ABL program backed by such receivable to be executed to a Cayman-registered SPC. The risk of the principal repayment of the ABL is considered to have continued to be reduced to an appropriate level thanks to the senior-subordinated structure and the administrative capabilities of the parties to the structure, and JCR has affirmed the J-1+ rating on the ABL Program.
