News Release

Japan Credit Rating Agency, Ltd.

22-S-0100 September 20, 2022

Japan Credit Rating Agency, Ltd. (JCR) announces the following credit rating.

<Asset Securitization Products> Narasaki Stax Accounts Receivable ABL 22-09

<Assignment> ABL: J-3

Rationale

Narasaki Stax securitizes its accounts receivable from the customers. Against the default risk of debtors, the payment of a portion of the purchase price equivalent to the required subordination ratio is deferred based on the creditworthiness of debtors of the receivables subject to assignment. However, because of the commingling risk and dilution risk, the ceiling of the rating is the creditworthiness of the originator. There are no concerns about capabilities of parties to the structure to carry out their administrative duties. As discussed above, risk with respect to principal repayment and interest payment is evaluated at a level consistent with J-3 rating.
